

Community Resource Index

Hey neighbors! I'm organizing a community resource index to help us reduce duplication and plan errands more efficiently. Your input will help us create a valuable resource for our community.

If you're willing to participate, please share the following information:

* Your nearest cross-streets * Typical hours you're out of the house * Preferred contact routes for coordination (e.g., phone, email, or messaging apps)

Your input will be kept confidential and only used to create a community resource index. We'll use this information to:

* Identify areas with high foot traffic and plan community events * Coordinate errands and deliveries to reduce duplication * Create a network of...

Moderator · question 1 M

Why did you decide to create a community resource index and what specific outcomes are you hoping to achieve?

U User · response 1

I decided to create a community resource index for several reasons:

1. **Efficient Resource Utilization**: By understanding who has what skills, resources, and availability, we can reduce duplication of efforts and optimize the use of community resources. 2. **Improved Communication**: The index will help us identify the best ways to reach each other, whether it's through phone, email, or messaging apps, ensuring that we can coordinate effectively and respond to each other's needs. 3. ...

Moderator · question 2 M

What specific types of support or resources are you hoping to identify through this community resource index?

U User · response 2

Through the community resource index, I'm hoping to identify a variety of support and resources that can be shared among neighbors. Here are some specific examples:

Support Resources:

1. **Meal Preparation and Delivery**: Neighbors who can prepare and deliver meals to those in need, such as the elderly or those with mobility issues. 2. **Errand Running**: Neighbors who can run errands, such as grocery shopping or picking up prescriptions, for those who are unable to do so themselves. 3...
